

**#MeToo Wisconsin Gathering:**

**An Opportunity for  
Empowerment and Restoration  
in the Era of #MeToo**

Are you a woman who is employed by a church of the Presbytery in a professional capacity? Have you been impacted by sexual harassment or worse in your role?

Would you like to talk about the way this has influenced your work and life?

Shall we think together about how to approach this  
the next time it happens  
and about how to empower all of us to respond  
in ways that allow our important ministries to go forward?

**Let's talk about how we take care of ourselves  
and support other women  
who have experienced/are experiencing  
sexual harassment and/or abuse in the church.**

#### An Overview Of Our Time Together:

We invite you to arrive Monday night (starting at 7:00 p.m.) for an informal reception with appetizers and beverages. Get to know each other, meet your facilitators, and get a good night's sleep in your restful single room.

On Tuesday we will gather throughout the morning, afternoon and early evening. The schedule will be an intentional blend of structured and unstructured activities. We will gather in large and small groups, with some open space as well for reflection and restoration. While the topic may be heavy, expect there to be laughter too.

On Wednesday morning we will regather and then depart about 11:00 a.m.
