

Presbytery Administrator (a brief background)

The Presbytery Administrator position has evolved over the lifetime of John Knox Presbytery. What began as primarily a secretarial position has evolved into a full-fledged administrative position responsible for keeping the wheels of presbytery operation in motion. One person has served in this position as it has evolved. She has become a key player in the life of the presbytery, keeping records, responding to requests for information, listening to joys and concerns and joining the rest of the presbytery staff in holding our churches and pastors in prayer. The person filling this position will face a steep learning curve in what has become a rather complex array of responsibilities. Our new Presbytery Administrator can expect that the staff and members of John Knox Presbytery will be as fully supportive as we have been of our previous Presbytery Administrator. It is our expectation that this position will continue to evolve as John Knox Presbytery also evolves.
